Canada Deep in Debt

New York, Oct. 2.—A special from Ottawa says: When the Government balanced accounts for the fiscal year just closed a deficit of nearly \$2,000,000 was found in the treasury. It has now become apparent that the revenue is going to fall a long way short of expenditures, and the Minister of Finance, George Foster, has decided to sail for England on Saturday to negotiate a new Dominion loan. During the year over \$4,000,000 has been added to the national debt. Taxation through the custom house has been increased 64 per cent. since the present Government came into power, while the population shows an increase of only 21 per cent.

Remnant of a Wreck Recovered.

London, Oct. 2.—The Daily Graphic says the wreck of the Russian iron-clad Rousalka, which was lost in the Baltic Sea last year, was found on September 19 south of the Islet of Wastoken, Finland. The wreck lies in twenty fathoms of water. A diver who went down and examined the hull reports he found a great hole in the stern. Appearances indicate that the Rousalka struck a reef and stove her hull, and then slid off the reef into deep water. She had on board 12 officers and 166 men. A wrecking crew has begun operations with a view of raising the vessel, but little hopes are entertained that it will succeed.

Connecticut Elections.

New Haven, Oct. 2.—Returns from 100 towns show gains for the Republicans in the town elections yesterday. In Waterbury the A. P. A. movement aroused the Catholics, who succeeded in electing an entire school board of Catholics. In New Britain the no license vote of one year ago is reversed. In almost all the towns where the A. P. A. made a fight it met with defeat. Meriden, Norwich, Middletown and New Milford were captured by the Republicans, but New London elected a Democratic Mayor, displacing a Republican. Republicans captured all the other offices in New London.

Working on the Canal Again.

She is a Model Prisoner Now and Her Insanity is Tamer.

Matteawan, Oct. 2.—Mrs. Halliday, who while insane murdered Sarah J. McQuillan and daughter, Margaret McQuillan, and her own husband, Paul Halliday, last fall, near Middletown, is a model prisoner at the insane asylum here. Dr. Allison, superintendent of the hospital, one of the medical experts who testified to her insanity at the trial, knew that the mutterings, incoherence and general viciousness of her conduct were not characteristics of the type of mania from which she gave her to understand that the kind of treatment she received in the hospital would depend entirely upon her own conduct. There was at once a marked improvement in Mrs. Halliday's mental condition. She became quiet, tractable, decent and cleanly in speech and habits, and has continued so up to the present time. She is made useful and helpful in the work of the hospital and is by all odds the best scrubwoman about the place, being careful and painstaking, and quite an artist with brush and pail.

Three Men Hold Up an Express in Arizona—Death the Penalty.

Phoenix, Ariz., Oct. 2.—The Southern Pacific east-bound express was held up two miles east of Maricopa Sunday night by three men, two of whom were masked. The engineer and the head brakeman with pistols at their heads were compelled to go back to the express car and induce the messenger to open the door. One of the bandits was then put in the car and searched for valuables, while the other stood guard. The amount taken is not known, but is supposed to be small. Sheriff Murphy and Deputy Widmore reached the camp of the suspected men, several miles east of the city, about 8 o'clock yesterday morning. The only occupant was Frank Armour, a Tonto Basin cowboy, who commenced shooting as soon as the officers came in sight. The officers returned the fire with shotguns, mortally wounding their man. The penalty for train robbery in Arizona is death.

A dummy placed in the cupola by the freshmen started the battle, which soon became serious. Fred Walz, of the class of '98, was knocked senseless in the fight. A number of sophomores were captured and tied to trees on the campus. The faculty will investigate, and suspensions are expected.

The Europe sailed from New York September 2 with a miscellaneous cargo, in addition to which she carried 584 cattle and 599 sheep. She ran into a terrific northwesterly gale on the afternoon of September 8, and before night her rudder chain parted. She fell off and rolled heavily, shipping seas continually. The ship labored terribly, and between 1 and 2 o'clock in the morning the pens on the port side gave way, and the cattle which had been there were thrown out upon the lumpy deck, and slid hither and thither as the ship rolled, making terrific endeavors to regain their feet until they were too weak to move and lay down to die. The crew was small, and even though the wind abated, it was not until 4 o'clock in the afternoon that the steering gear was repaired and the steamer got under way. Then the sailors threw overboard 233 cattle and 187 sheep that had been injured or killed.

Syracuse, N. Y., Oct. 15.—A special from Oswego says: About 5 P. M. Thursday a vessel, supposed to be the Hartford, went on the rocks near Woodville, thirty-five miles east of here.
